

Dixie and Zebedee

Hi! My name is Dixie and I'm ten weeks old.

Here's a photo of me with my big brother, Zebedee (he's the fluffy one on the right). Zebedee and I would love somewhere we can play 'cause we're young and ready for fun! If you've got kids, we'll keep them entertained for hours.

We enjoy being at *Cat Cuddles*, but it's time to move on so other cats can be helped. We're chipped, vaccinated, and healthy, so all we need from you is love and place to live.

Can we come home with you, please?

PS. We've got a little sister called Tux. If she could come instead of me or Zebedee, that'd be much appreciated. She's too shy to go out alone - she'd be more comfortable with my brother or me there. Soon she'll come out of her shell and play too!

Luna and Tux

Greetings! I am Luna, a young mother of three gorgeous kittens. My son is called Zebedee, the eldest girl is Dixie, and the baby of the family is Tux. Tux is very close to me, as you can see in the picture, so the thought of being adopted alone worried her. The kind volunteers at *Cat Cuddles* suggested that Tux be rehomed with me or either of her siblings. I agreed. Baby Tux feels better already.

Cat Cuddles has dealt with our vaccinations and chips, so all we need from you is a loving home forever. If you're interested, why not visit *Cat Cuddles* to say hello? My schedule is open 7 days a week, so make an appointment and we'll spend some quality time together.

Tux and I look forward to meeting you soon. Take care!
